I request approval of the following courses to meet the **21 semester hour elective requirements** for the **Geology with a Second Discipline** option.

Title of Option: _____

STUDENT TO COMPLETE		COURSE GUIDELINES
COURSE	SEMESTER HOURS	<ol style="list-style-type: none"> 1. An approved second discipline concentration consists of at least 21 semester hours of electives in one area outside the Dept. of Geology and Geophysics. 2. Second discipline courses must be passed with a grade of "C" or better. 3. At least <u>12 hours</u> must be numbered 3000 or above; 6 hours of the 12 must be 4000 level. 4. The courses should form a coherent, logical sequence in one department. When possible, students should take the same courses required for a major in the same area. 5. Selection of the concentration should be completed and approved by the Department of Geology & Geophysics and Dean's office prior to taking the concentration classes and by the end of the sophomore year.

I understand the above choice is binding and may not be changed unless written approval is obtained in advance from the Geology and Geophysics Department Advisor and the Dean.
